Sidewalk that has been poured from the parking lot leading up to the ball fields

Working concrete that has been poured

Manhole that leads to the catch basin that was installed along road A

Tree that has been taken down in the football field

Trees that have been taken down on the soccer field

Walkway Southard is working on that comes from parking lot to the ball fields

Stone that was dug up where a proof roll so they have let the ground dry before packing it back in

Poison that has been placed on the fields to kill all the grass so Southard can start laying down rye grass
